About Local Partner Development

The primary objective of LPD is to build the capacity of Jamaican non-governmental organizations (NGOs), social enterprises (SEs), community-based organizations (CBOs), other civil society organizations (CSOs), and government entities that partner with USAID in Jamaica. LPD is a 5-year activity, implemented by FHI 360 and fully funded by USAID under the Caribbean Basin Security Initiative (CBSI). In alignment with the CBSI's objectives, LPD's intent is for the Jamaican organizations it supports to become more effective and sustainable actors, with the ultimate goal of improving Jamaican citizen security

What does this program offer?

Local Partner Development (LPD) Stepping Stone to Success will offer individualized training support for a select group of twenty (20) community-based organizations (CBOs), and grassroots organizations on how to improve their community work and the sustainability of their groups. The program incorporates a "Learning by Doing" approach that is practical and manageable, will foster collaboration, networking and peer learning, and will also include support mechanisms to ensure participants get the maximum benefit from the intervention.

Assessment Process

Trim

Each group that participates in Stepping Stone will be guided through an assessment process so that the workshop content offered, the assignments given, and the coaching support provided, can all be tailored to meet the needs of the cohort and of specific organizations. Organizations will be required to attend all workshops and to satisfactorily complete all assignments.
